

K-LOVE is a vital part of my every day life,
as I am sure it is for others,
since I see people with bumper stickers on their cars all over town.
Finding positive music and encouraging words on the radio station
is not heard on any other station in Livermore.
Any person, young or old, can listen to KLOVE radio station and be
encouraged. There is never anything questionable on the station that
a child should not hear. It is important, with life as stressful as
it is, that people have the opportunity to listen to a radio station
whenever they want (driving in a car, at home, at work)and receive
positive and encouraging words. I know it definately lowers my stress level. I am
extremely thankful for KLOVE and would be at a
loss if it was no longer aired. We financially support KLOVE to ensure this doesn't
happen.
